## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1, 3-22, & 24-35 are allowed over prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 1, the prior art fails to disclose or make obvious “wherein said first one of said at least one substrate and said second one of said at least one substrate are the same substrate, and wherein said illumination elements are interspersed with said detection elements” and in combination with the other recited limitations of claim 1. Claims 3-20 are allowed by virtue of dependency on the allowed claim 1.

Regarding claim 21, the prior art fails to disclose or make obvious “multiple detector elements disposed on said substrate and forming a multipixel detector interspersed with said illumination elements” and in combination with the other recited limitations of claim 21. Claim 22 is allowed by virtue of dependency on the allowed claim 21.

Regarding claim 24, the prior art fails to disclose or make obvious “illuminating portions of said one or more samples with a multipixel illuminator-detector having multiple illumination elements and multiple associated detection elements disposed on the same substrate, where each of said illumination elements and associated detection elements is associated with a unique one of said portions” and in combination with the other recited limitations of claim 24. Claims 25-35 are allowed by virtue of dependency on the allowed claim 24.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
